For Immediate Release:

Cadorath Expands Rolls-Royce Engine Support with New Field Service Program

Building on its recent announcement of being an Authorized Maintenance Repair and Overhaul Center (AMROC) for Rolls-Royce M250 and RR300 turbine engines, Cadorath is proud to officially unveil its Field Service Program. This new program reinforces Cadorath's dedication to offering comprehensive engine support services.

Welcoming Val Flores to the Cadorath Team

In tandem with this launch, Cadorath proudly welcomes Val Flores to their team. With an extensive 46-year background in helicopter maintenance and 26 years dedicated to Field Service support, Flores will be instrumental in advancing the M250 and RR300 engine programs. His vast industry experience enhances Cadorath's commitment to excellence.

Roy Hartfiel, Program Manager at Cadorath, remarked, "Teaming up with Val Flores is a significant step in propelling our Field Service Program. Val's unmatched customer dedication and decades of hands-on experience ensure that we deliver a service that stands true to the Cadorath reputation."

"We're excited to have Val Flores join our team. His unmatched expertise in field service and dedication to delivering excellence aligns seamlessly with Cadorath's core values," adds Danny Miller – Director of Business Development Cadorath.

Emphasizing their brand promise of MOREUPTIME, Cadorath's expanded services, backed by industry-leading experience, reflect their steadfast commitment to customer satisfaction.
