CADORATH

Engine Technician Trainee

Location: Winnipeg, MB
Employment Type: Full-Time
Shift: Day Shift
Reports To: Director of Operations

About Us

Cadorath is a family-owned Canadian company founded in 1954, specializing in manufacturing, repairing, and enhancing critical component parts for the aviation, agriculture, industrial, mining, and oil & gas sectors. With facilities in Canada and the U.S., we support customers ranging from local operators to major global OEMs. Our capabilities include precision manufacturing, aerospace engine and component repair and overhaul, auger manufacturing, and a wide range of advanced metal finishing and special processes.

Launch Your Career in Aerospace

Are you mechanically inclined and looking to build a long-term career in a growing industry?

We are seeking an **Engine Technician Trainee** to join our team. This is an excellent opportunity for individuals with an automotive, heavy-duty, manufacturing, maintenance, or technical background who are interested in transitioning into the aerospace industry. No aviation experience is required. We are looking for motivated individuals with strong mechanical aptitude and a willingness to learn.

In this role, you will receive hands-on training while supporting the maintenance, repair, and overhaul of aircraft engine components in a safety-focused, team-oriented environment.

What You'll Do

- Assist with the dismantling and assembly of engine modules under supervision
- Perform cleaning, preparation, and handling of engine parts using approved methods and equipment
- Conduct visual inspections and identify defects, damage, or abnormalities
- Properly tag, organize, and store components throughout the repair process
- Safely use hand tools, fixtures, and maintenance equipment
- Follow technical manuals, work instructions, and shop procedures
- Complete basic documentation and production records accurately
- Maintain a clean, organized, and safe work area
- Follow all quality, safety, and regulatory requirements
- Participate in ongoing training and development programs

CADORATH

What We're Looking For

Required Qualifications

- High school diploma or equivalent
- Strong mechanical aptitude and interest in working with engines or mechanical systems
- Ability to learn new skills and follow technical instructions
- Strong attention to detail and commitment to quality
- Good communication and teamwork skills
- Basic computer skills
- Ability to stand for extended periods and lift moderate weights

Preferred Qualifications

- Automotive mechanic experience
- Automotive Service Technician education or apprenticeship experience
- Heavy-duty equipment, diesel, agricultural, industrial, or manufacturing maintenance experience
- Mechanical or technical training from a college or trade program
- Previous experience using hand tools, measuring tools, or maintenance equipment
- Aviation or aerospace training (asset, not required)

Why Join Us?

- Paid training and skill development
- Opportunity to transition into the aerospace industry
- Career growth within a specialized technical field
- Supportive team environment
- Exposure to advanced aircraft engine maintenance and repair
- Competitive compensation and benefits package

What We Offer

- **Competitive compensation** aligned with experience and qualifications.
- **Comprehensive benefits package** including Health and Dental coverage.
- **Group RRSP program** with employer contributions.
- **Training and development opportunities** to support career growth.
- **Stable, full-time employment** with a growing Canadian company.

How to Apply

Please submit your resume to **careers@cadorath.com** or apply through our website at **www.cadorath.com/careers**. Only shortlisted applicants will be contacted.
